AEROMIX Announces New Solar Aeration and Circulation Products

AEROMIX is Your Solar Solution in Aeration and Circulation.™ AEROMIX Systems, Incorporated – a world leader in aeration equipment, is now offering a full line of solar-powered aeration and circulation equipment, focused on improving lake and pond water quality. The brand new AEROMIX *Eco Aeration* Division features a comprehensive line of water quality management products that use renewable energy; eliminating the need to connect to electrical grids and the costs associated with electrical installation. AEROMIX *Eco Aeration* products are ideal for ponds, lakes, and reservoirs to control algae, reduce odors, digest bottom sludge, and prevent fish kills.

The new Eco Aeration line features these eco-friendly products that provide a solar solution for aeration and circulation:

- **LumenAER™ Solar-Powered Circulator**
- **SunAER™ Diffused Air System**
- **PhotonAER™ Submersible Aspirating Aerator**
- **SolAer™ Surface Aerator**
- **AuraAER™ Floating Fountain**

AEROMIX is a world leader in water and wastewater treatment equipment; with more than 2500 installations worldwide in over 75 countries. For more information, go to www.aeromix.com/eco_aeration.php or contact Melauna Estrada at 763-746-9294 or at estrada.melauna@aeromix.com.
