Representative Wanted

Technical Sales Representative for Mexico

AEROMIX Systems, Inc is an American company and world leader in wastewater and water treatment equipment. AEROMIX has successfully done business in Mexico for 15 years with a proven installation base. We seek a skilled technical sales professional to sell our wastewater and water treatment equipment. This is a commission based job plus some expense reimbursement. This position offers a very high income potential. The successful candidate must have the following skills and knowledge at a minimum:

- Knowledge of the wastewater treatment and water treatment industry
- Proven technical sales experience
- Complete fluency in spoken and written English
- Ability to travel 30% of the time throughout Mexico
- Engineering or other technical degree
- Must live in or near Mexico City
- Physical ability and aptitude to service equipment in the field
- Must be extremely responsive and thorough

See www.aeromix.com for more information on AEROMIX.

Interested candidates should send resume and reference list to hr@aeromix.com
