AEROMIX Announces Partnership with Stamford Scientific, LLC

AEROMIX is a world leader in water and wastewater treatment equipment. Our company has been awarded contracts for aeration and treatment system projects with many prominent companies and organizations. AEROMIX has over 2500 installations in more than 75 countries across the globe.

Stamford Scientific is a privately held American company headquartered in Poughkeepsie, NY which has been designing and manufacturing quality fine bubble diffusers for nearly 20 years.

This new partnership helps [Stamford Scientific](#) customers find rugged and proven mechanical aeration and mixing devices from the AEROMIX product line. Likewise, the [AEROMIX](#) website now has a link which recommends Stamford Scientific to those interested in quality *fine* bubble diffusers and diffuser systems. This marketing partnership gives all customers interested in aeration or diffuser systems more choices to select the best product for their needs.

Contact Melauna Estrada for more information on our aeration equipment and treatment systems.
